

INNOVATIVE FACIAL

POWERFUL | ANTI-AGING | SMOOTHING | SOFTENING | HYDRATING
TIME 30 - 60 MINUTES

This intensive clinical facial is designed to rapidly and safely resurface the skin, reducing fine lines and wrinkles, smoothing, softening, and encouraging cellular renewal. The centerpiece of this remarkable treatment system is a combination of these therapeutic masques: the extremely powerful RESURFACING MASQUE and the soothing REJUVENATING MASQUE.

In addition to these masques, this incredible facial is complemented by a unique combination of serums and crèmes. Awakening your senses, this phenomenal system incorporates both active and soothing formulas, which evoke aromas of warm cinnamon spice and brisk cool peppermint.

FEATURED IN:

1 CLEANSING COMPLEX

Apply CLEANSING COMPLEX 1-2 pumps. (Steam is optional). Massage gently. Remove with warm moist towel or non-woven gauze. Pat dry. Cover and protect eye area. (Use gloves according to state regulations).

2 RESURFACING MASQUE

(Areas of treatment may include; Face, Neck, Décolleté, Hands)
Apply 3 small spatulas of RESURFACING MASQUE lightly with fingertips or fan brush evenly over treatment area (using traditional application of chemical peels). Leave on for 3-5 minutes. Remove all traces of RESURFACING MASQUE using cool damp towel or non-woven gauze. TECHNIQUE TIP: Apply RESURFACING MASQUE heavy enough to see it on the skin, but lightly enough to see the skin through it – in order to monitor response.

3 CLEANSING COMPLEX (neutralization)

Apply 1-2 pumps of CLEANSING COMPLEX quickly, directly to the skin, smoothing completely over treated area. Note: water is not required. Massage skin lightly, with dampened fingers. Leave on 2-5 minutes or until tingling stops and skin is neutralized. Remove CLEANSING COMPLEX with a cool damp towel or non-woven gauze. Pat dry.

4 PERFORM EXTRACTIONS (optional)

5 REJUVENATING MASQUE

Apply 3 small spatulas of REJUVENATING MASQUE to treated areas. Massage lightly for 30 seconds to 1 minute. Leave on for 5-10 minutes. Remove with a cool damp towel or non-woven gauze. Pat dry.
